Quand je lis une phrase,  
Je ne comprends pas le sens des mots,  
Le professeur de français me demande  
de résumer un texte :  
Impossible.  
Je perds le fil.  
J'en souffre,  
Je suis différent...  
**FOUTUE DYSLEXIE !**

Trois jours  
pour apprendre un cours d'histoire,  
quelle greuve !  
Une vraie course contre la montre.  
Tout va trop vite,  
J'ai besoin de temps !  
**FOUTUE DYSLEXIE !**

La dyslexie fait partie de moi.  
Je dois l'accepter.  
Elle me permet aujourd'hui  
de faire ce que j'aime,  
grâce à mon travail,  
ma volonté et  
mon organisation.  
**SACRÉE DYSLEXIE !**

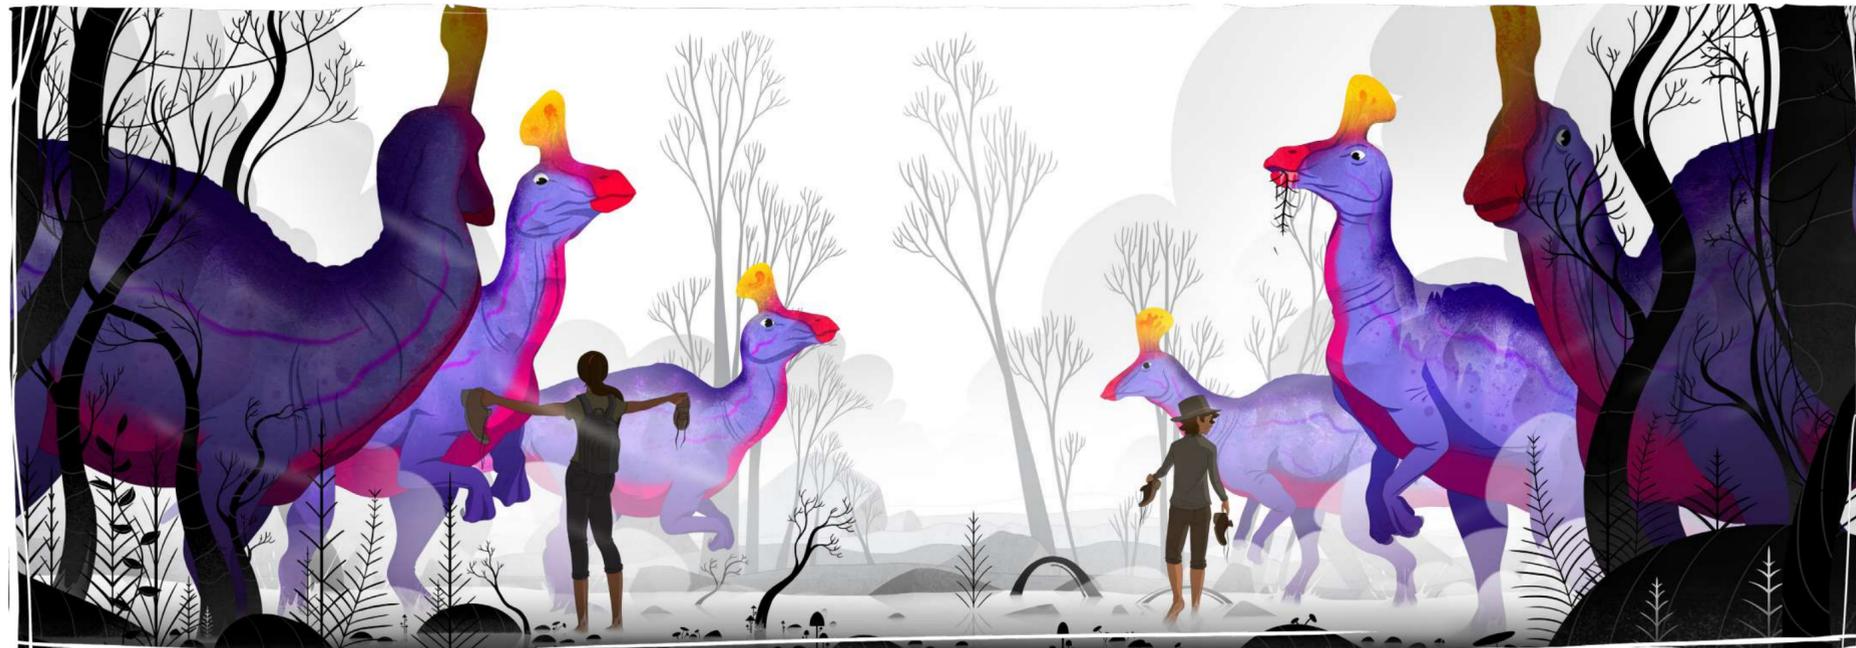

En classe,  
Je fais tout pour me faire oublier.  
Je n'ai pas confiance en moi,  
Je n'arrive pas à participer.  
C'est comme si le monde dans lequel je suis  
n'étais pas le mien.  
Personne ne me comprend.  
Je me sens nul !  
**FOUTUE DYSLEXIE !**

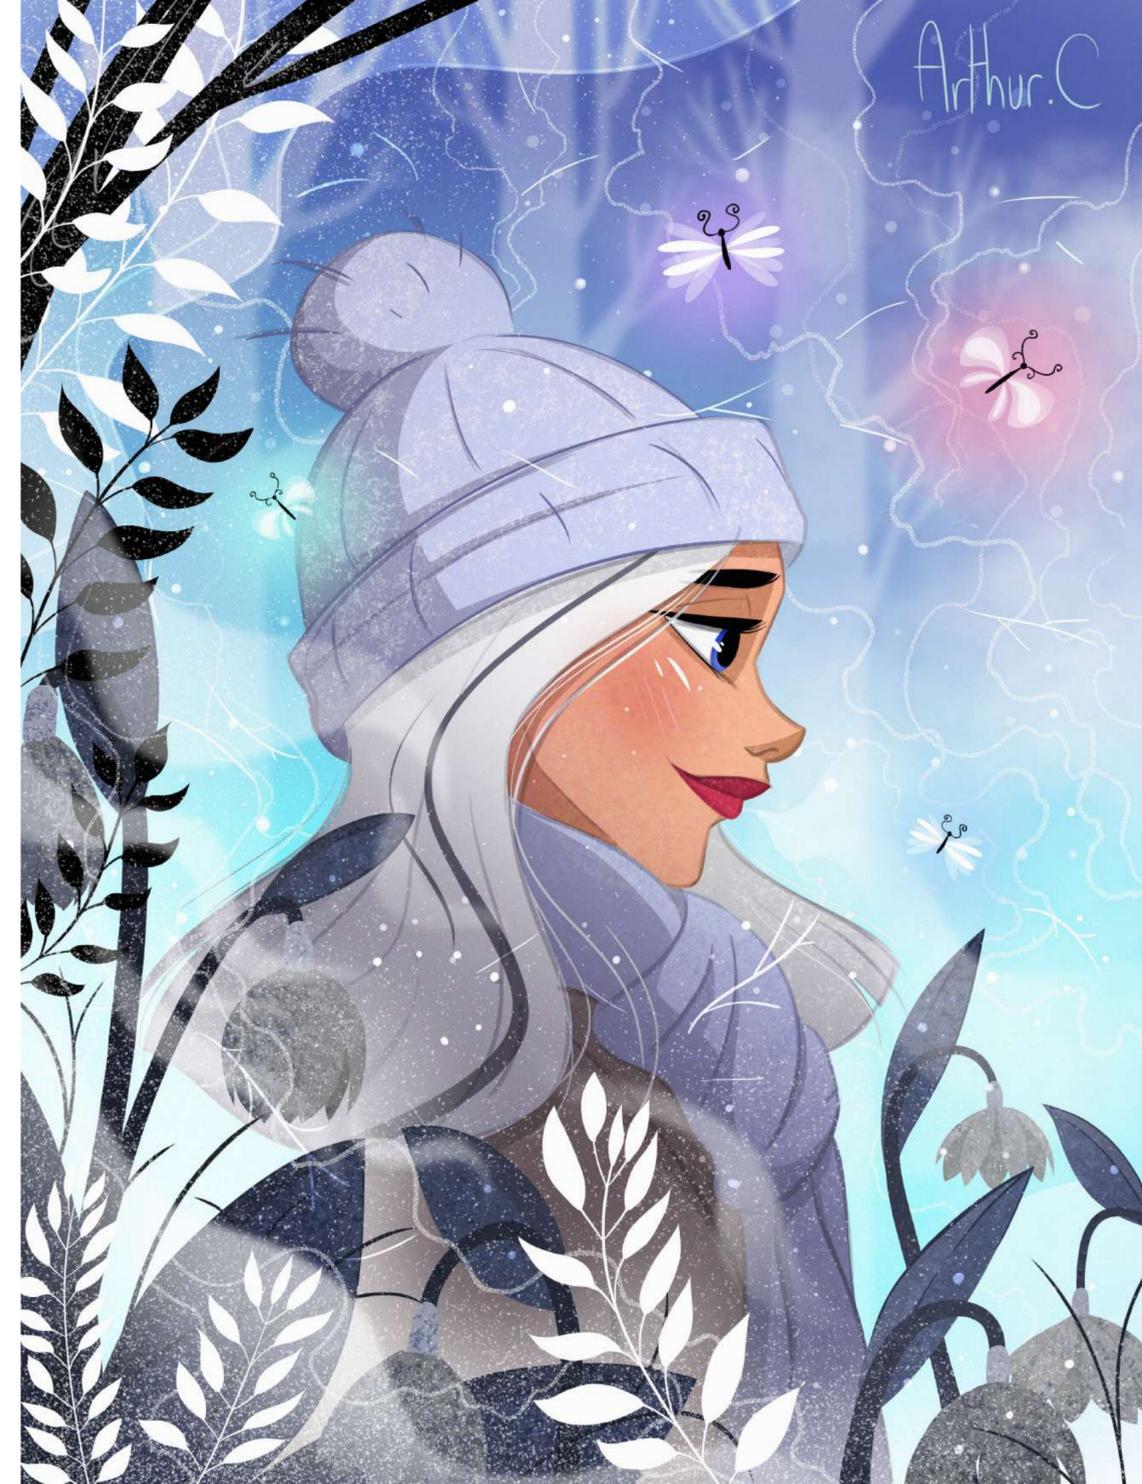

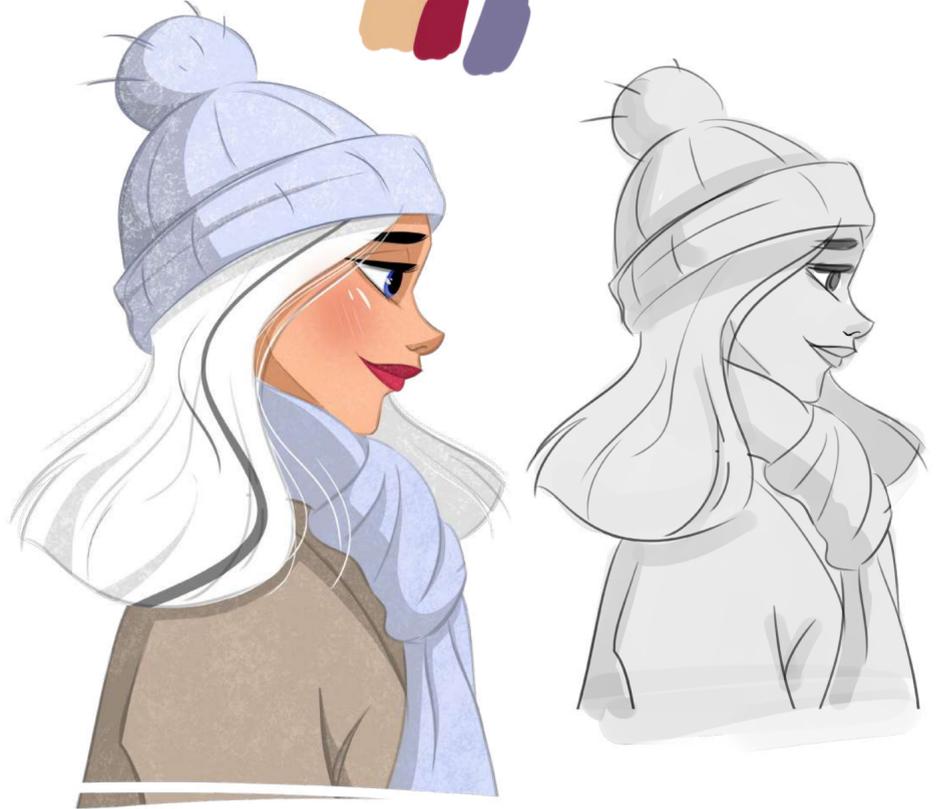

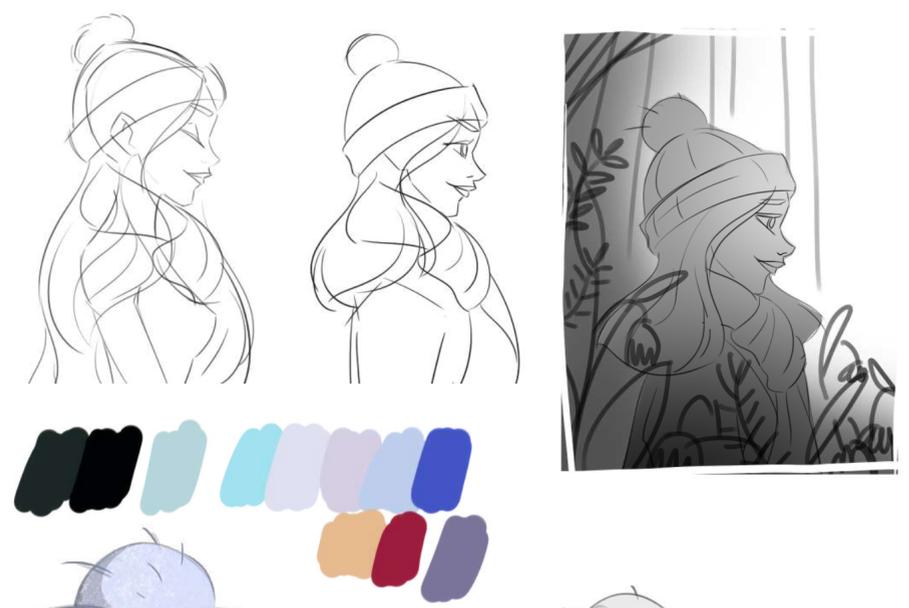

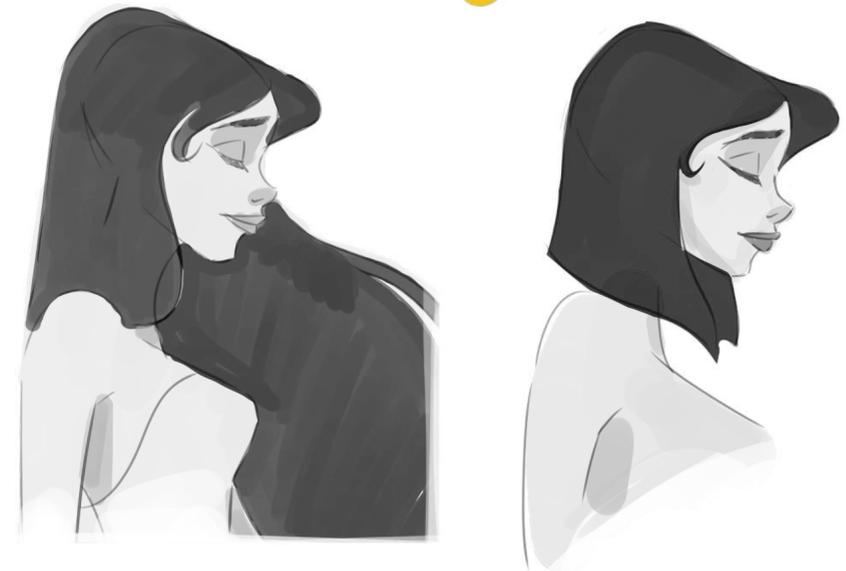

Après la journée de cours,  
la concentration me manque.  
Trop d'efforts de décodage des mots...  
Je suis fatigué.  
Mon cerveau ne peut plus rien absorber !  
Mais le plus dur reste à venir :  
Les devoirs !  
**FOUTUE DYSLEXIE !**
